# About us

SHENZHEN AMOVAN INDUSTRY CO., LTD was established in 2008. Before 2020, we were mainly engaged in the design, production and development of traditional watches, serving many well-known brands around the world, and have been cooperating until now.

In 2020, we established a smart wearable R&D department with more than 20 R&D personnel, mainly engaged in the development of smart ring software and hardware and achieved great achievements in 2023. We have become a supplier for many new brands, and our own brand AMOVAN RING has received numerous recognitions and support from all over the world.

In 2023, we became Huawei's authorized smart movement distributor in China. From 2024, we will be committed to the research and development, production and sales of high-end smart wearable devices.

We provide ODM and OEM services for the global high-end smart wearable industry.
